

Statistical Mechanics of Unsatisfiability and Glasses

Saturday, 26 May 2012

Synthesis (09:00 - 12:00)

time	[id] title	presenter
09:00	[259] Critical fluctuations close to the clustering/dynamical transition: from glassy physics to computer science	Prof. FRANZ, Silvio
09:45	Coffee break	
10:15	[261] Region-graph belief-propagation and survey propagation for lattice spin-glass models	Prof. ZHOU, Haijun
11:00	[264] Is physics (NP-)hard?	Prof. CUBITT, Toby
