

Galactic Magnetism in the Era of LOFAR and SKA

Tuesday, 24 September 2013

Probing statistical properties of RM dispersion with single lines-of-sight - FA32 (09:00 - 10:30)

-Conveners: Axel Brandenburg

time	[id] title	presenter
09:00	[251] The Extent of Magnetic Fields around Galaxies	Dr BERNET, Martin
09:45	[252] Rotation-Measure as a Function of Redshift	Prof. GAENSLER, Bryan
