

VLVnT13 - Very Large Volume Neutrino Telescope Workshop 2013

Tuesday 6 August 2013

Physics, Reconstruction, and Software III. - FB53 (11:00 - 12:30)

time	[id] title	presenter
11:00	[324] Extending IceCube-DeepCore to Low Energies for a Dark Matter Search toward the Galactic Center	Mr FLIS, Samuel
11:25	[254] Detection Prospects for GeV Neutrinos from Collisionally Heated Gamma-ray Bursts with IceCube/DeepCore	Dr BARTOS, Imre
11:50	[319] The sensitivity to neutrino mass hierarchy with PINGU	GROSS, Andreas
