

VLVnT13 - Very Large Volume Neutrino Telescope Workshop 2013

Monday 5 August 2013

Calibration I - FB54 (16:00 - 18:00)

time	[id] title	presenter
16:00	[297] Underwater acoustic positioning system for the KM3NeT project	Dr VIOLA, Salvatore
16:20	[298] Proposal of a new generation of Laser Beacon for Time Calibration in the KM3NeT Neutrino Telescope	Mr REAL, Diego
16:40	[299] Nanobeacon: A low cost Time calibration instrument for the KM3NeT Neutrino Telescope	Mr CALVO, David
17:00	break	
17:15	[345] A technique for measuring the sea water optical parameters with a dedicated laser beam and a Multi-PMT Optical Module	Dr PAPAICONOMOU, Antonios Dr TSIRIGOTIS, Apostolos
