

VLVnT13 - Very Large Volume Neutrino Telescope Workshop 2013

Monday 5 August 2013

Physics, Reconstruction, and Software II. - FB53 (16:00 - 18:00)

time	[id] title	presenter
16:00	[315] UHE neutrino and cosmic ray emission from GRBs: revising the models and clarifying the cosmic ray-neutrino connection	Mr BUSTAMANTE, Mauricio
16:25	[313] Search for Neutrinos from Gamma-Ray Bursts with ANTARES	Ms SCHMID, Julia
16:45	[316] Search for neutrino point sources with 2007-2012 ANTARES data	Dr ZORNOZA, Juan de Dios
17:05	[318] Search for a small-scale anisotropy with 3 years of the IceCube detector	BERNHARD, Anna
17:25	[320] Multimessenger searches with the ANTARES high energy neutrino telescope	BARET, Bruny Baret
