

# Statistical Mechanics of Distributed Information Systems

## Monday, 16 July 2007

### Decoding dynamics (09:00 - 12:30)

| time  | [id] title  | presenter               |
|-------|---|-------------------------|
| 09:00 | [3] ML decoding via mixed-integer adaptive linear programming   | Prof. YEDIDIA, Jonathan |
| 10:00 | break   |                         |
| 10:30 | [6] Fountain Codes  | Prof. SHOKROLLAHI, Amin |
| 11:30 | [5] Loop Calculus for Graphical Models of Statistical Inference | Prof. CHERTKOV, Misha   |
