Statistical Mechanics of Distributed Information Systems

Tuesday, 17 July 2007

<u>Heuristics and average hardness</u> (09:00 - 12:30)

time	[id] title	presenter
09:00	[4] Understanding Search Trees via Statistical Physics	Prof. MAJUMDAR, Satya
10:00	break	
10:30	[2] Two inverse problems inspired from biophysics	Prof. MONASSON, Remi
11:30	[11] Barriers and local minima in energy landscapes	Prof. KASKI, Petteri
