

The Physics of Extreme-Gravity Stars

Monday, 19 June 2017

White dwarf — white dwarf binaries: their outcomes and merger products - FD5 (14:45 - 17:15)

time	[id] title	presenter
14:45	[374] Type Ia supernovae from dynamically-driven double degenerate double detonations	SHEN, Ken
15:15	Coffee break	
15:45	[375] Classical Novae as Laboratories for Common Envelope Evolution	CHOMUIK, Laura
16:15	[377] Observations of WD - WD mergers [in the Type Ia supernova context]	BULLA, Mattia
16:45	[376] Two classes of fast declining SN1a	DHAWAN, Suhail
