

IRIS-6: The Chromosphere

Tuesday, 21 June 2016

Session 4 - FR4 (14:15 - 17:00)

time	[id] title	presenter
14:15	[288] The chromosphere and transition region as seen with CLASP (Invited)	ISHIKAWA, Ryohko
14:45	[378] Flux emergence and reconnection in the solar chromosphere	HANSTEEN, Viggo
15:05	Coffee break + poster viewing	
16:00	[282] Spectral analysis and modelling of solar flare chromospheric condensation	GRAHAM, David
16:20	[254] Self-Consistently Modeling the Chromospheric Response to Flare-Accelerated Electrons and Return Currents	ALLRED, Joel
16:40	[263] IRIS and RHESSI observations of the chromospheric response to energy input during the 29th March 2014 flare	BATTAGLIA, Marina
