

Many-Body Quantum Chaos, Bad Metals and Holography

Thursday, 5 October 2017

Flash talks - E306 (15:15 - 15:30)

time	[id] title	presenter
15:15	[276] Generalised global symmetry and holography of dynamical extended objects	POOVUTTIKUL, Nick
15:20	[277] Ward identities and relations between conductivities and viscosities in holography	RODRÍGUEZ, David
15:25	[278] Rindler Fluid with Weak Momentum Relaxation	ZHANG, Yun-Long
