

Session Program

May 7 - 11, 2019

Statistical Physics of Complex Systems

invited talks (Kaski/Gabrielli/Serrano)

Nordita, Stockholm, Alba Nova FR4

Fri, May 10

9:00 AM

invited talks (Kaski/Gabrielli/Serrano)

Session | Location: Nordita, Stockholm, Alba Nova FR4

9:00 – 9:30 AM

Social Physics: Data-Driven Discoveries and Human Sociality and Activity Patterns

Speaker

Kimmo Kaski

9:30 – 10:00 AM

Statistical Physics for Heterogeneous Random Networks

Speaker

Andrea Gabrielli

10:00 – 10:30 AM

Geometric renormalization unravels self-similarity of the multiscale human connectome

Speaker

M. Angeles Serrano

10:30 AM
