

Statistical Physics of Complex Systems

Tuesday, May 7, 2019

contributed talks (stoch. thermodyn./general complex systems) - Alba Nova FR4 (4:30 PM - 6:00 PM)

| time | [id] title | presenter |
|---------|---|----------------|
| 4:30 PM | [290] The thermodynamic costs of circuits | WOLPERT, David |
| 5:00 PM | [291] Stochastic thermodynamics and information geometry | ITO, Sosuke |
| 5:15 PM | [292] Kinetic bounds to nonequilibrium performances | BAIEISI, Marco |
| 5:30 PM | [293] Information scan of quantum states based on entropy-power uncertainty relations | JIZBA, Petr |
| 5:45 PM | [294] Classification of complex systems by their sample-space scaling exponents | KORBEL, Jan |
