

Particle Physics with Neutrons at the ESS

Tuesday 11 December 2018

Hadronic Parity violation (14:00 - 16:40)

time	[id] title	presenter
14:00	[304] Parity odd and time reversal odd NN interactions	VLADIMIR, Gudkov
14:20	[302] Nonleptonic weak interactions in NN and few nucleon systems	MICHELLE, Vivani
14:40	[303] Lattice gauge theory calculations of NN weak amplitudes	EVAN BERKOWITZ, Juelich
15:00	[337] Parity Violation in Lambda Nonleptonic Weak Decays	Dr KUPSC, Andrzej
15:20	Break	
15:40	[309] Results from the NPDGamma n-p weak interaction experiment at SNS	BARRÓN-PALOS, Libertad
16:00	[306] Present status of the NN weak interaction and recent results	FRY, Jason
16:20	[308] NN weak interaction experiment opportunities at the ESS	CRAWFORD, Chris
