

# First Nordic Cosmology Meeting

23 -25 October 2023, Nordic Institute for Theoretical Physics, Stockholm

## Topics

- Dark matter and dark energy.
- Inflation and the Early Universe.
- Gravitational waves.
- Cosmological phase transitions.
- Axions and axion-like particles.
- Advances in observational cosmology.

## Invited speakers

Ulf H. Danielsson, Sweden

Jens Jasche, Sweden

Martin S. Sloth, Denmark

David J. Weir, Finland

Ingunn Kathrine Wehus, Norway

## Special guest

Ana Achúcarro (TBC), The Netherlands

## Scientific Organizers

Oksana Iarygina

Florian Niedermann

M.C. David Marsh
