

First Nordic Cosmology Meeting

Monday 23 October 2023

Invited Talks Session - Lecture Room 17 (11:10 - 12:40)

-Conveners: Oksana Iarygina

time	[id] title	presenter
11:10	[1] Inflationary tails, and other multi-field stories	ACHÚCARRO, Ana
11:55	[2] The dark bubble model – how to get dark energy from string theory	DANIELSSON, Ulf

Tuesday 24 October 2023

Invited Talks Session - Albano 3: 4204 - SU Conference Room (56 seats) (09:30 - 11:45)

-Conveners: Florian Niedermann

time	[id] title	presenter
09:30	[3] A simultaneous solution to the H_0 and the S_8 tensions and the implication for inflation	SLOTH, Martin S.
10:15	[4] Gravitational waves from early universe phase transitions	WEIR, David
11:00	[5] CMB observations - mapping the sky from the Milky Way to the Big Bang	WEHUS, Ingunn Kathrine

Wednesday 25 October 2023

Invited Talks Session - Albano 3: 4204 - SU Conference Room (56 seats) (09:30 - 11:00)

-Conveners: Pierluca Carenza

time	[id] title	presenter
09:30	[6] Recent developments in axion physics.	MARSH, David
10:15	[7] Bayesian Forward Modelling of Galaxy Surveys	JASCHE, Jens
