

Session Program

6–11 Sept 2026

**Early Career Conference in Trapped Ions (ECCTI) 2026,
Oxford**

Nuclear Physics

Monday 7 September

10:35

Nuclear Physics

Session

10:35–10:55

Trapping and laser cooling of fast Sr⁺ beams: A stepping stone towards in-trap laser spectroscopy of short-lived isotopes

Speaker

Stefanos Pelonis

10:55–11:15

Towards ultra-high precision optical and radiofrequency spectroscopy of stable and radioactive Sr⁺

Speaker

Robbe Van Duyse

11:15
